3+ Projects

3+ Yrs Exp

12+ Clients

15+ PCs Built

PROFILE

Computer Engineering student passionate about building modern, functional, and visually striking web experiences. I blend clean code with creative UI — delivering efficient digital solutions that feel human and reflect each brand's identity. Driven by discipline from fitness training, I bring the same consistency and commitment to every project I take on.

EXPERIENCE

- Service Technician** 2023 – Present
- Technical support and maintenance for computer systems and electronic devices. Skilled in troubleshooting hardware, assembling PCs, and optimizing system performance.
- Customer Service Representative** 2023 – 2025
- Handled client inquiries and technical concerns with professionalism and empathy. Managed healthcare and telecom accounts — billing, service issues, and account management.
- Virtual Assistant / Freelancer** 2025 – 2026
- Provided remote administrative and technical support. Managed schedules, organized data, and handled content updates and basic web maintenance with efficiency and attention to detail.
- Service Crew** 2022 – 2023
- Built teamwork and customer service skills in a fast-paced environment. Developed precision, time management, and adaptability that now guide all my technical work.

EDUCATION

- BS Computer Engineering** 2022 – Present
- Holy Cross of Davao College
- Senior High School (Honors)** 2020 – 2022
- Maragusan National High School
- Junior High School** 2016 – 2020
- New Albay National High School
- Elementary** 2010 – 2016
- Talian Elementary School

WHAT I DO

- Web Design**
- Modern, responsive designs blending creativity with functionality and intuitive user experience.
- Web Development**
- Dynamic, high-performance websites using the latest technologies — from concept to deployment.
- PC Assembly & Tech Support**
- Custom PC builds, hardware troubleshooting, and system optimization for peak performance.
- Virtual Assistance**
- Reliable remote support — task management, data organization, content updates, and more.

INTERESTS & HOBBIES

- Fitness & Bodybuilding**
- Beyond the screen, I am a dedicated fitness enthusiast and trainer. I believe the discipline, consistency, and determination built through bodybuilding are the same qualities that drive success in tech. Whether guiding others through their fitness journey or pushing for new personal records, I bring that same passion to every project.
- PC Building & Hardware**
- Passionate about custom PC builds and hardware. I enjoy selecting components, optimizing systems for peak performance, and helping others get the most out of their setups. Building PCs taught me patience, precision, and attention to detail.
- UI/UX & Creative Design**
- Drawn to clean, human-centered design that feels intuitive and beautiful. I love exploring new design trends, experimenting with layouts, and crafting visual identities that truly reflect a brand's personality and values.

“Real progress comes from showing up every single day.”

— Reynald Quinilog
